SPINNER® PRO

- 1 Fusion Drive® Belt System**
Poly-V Belt drivetrain delivers a smooth, silent, and virtually maintenance-free ride.
- 2 Heavier 43 lb (19.5 kg) Perimeter-Weighted Flywheel**
Provides the smooth and authentic road bike feel that Spinning® is known for.
- 3 Sweat-Resistant, Powder-Coated Steel and Open Frame Design**
Our umbrella design concept has been incorporated throughout the entire bike - with virtually no flat surfaces or entry points for sweat.
- 4 Wedge Design Handlebar Post**
All-new wedge design keeps the handlebars secure and solid, while remaining easy to adjust.
- 5 Dual Water Bottle Holder**
Sturdy, oversized dual water bottle holder on the handlebars allows easy access.
- 6 Adjustable Resistance and Quick Stop**
“Umbrella” style resistance knob protects the internal mechanical components from sweat and allows for precise adjustments and quick stops.

- 7 Fully Adjustable Seat**
Fore/aft (forwards and backwards) micro adjustment makes for superior performance, maximum comfort and an optimal fit.

- 8 Dual-Sided SPD®-Compatible Pedals**
Pedals accommodate both athletic shoes and cycling shoes, offering riders more flexibility and functionality.

- 9 Durable Leather Brake Pad**
High quality leather brake pad provides for a smooth ride, infinite resistance and minimal maintenance.

- 10 Easy Transport Wheels and Stabilizer Feet**
Front-end wheels allow for easy portability while stabilizer feet eliminate shaking.

- 11 Access Panel**
The chain guard features an easy access panel for belt adjustment.

- 12 Heavy-duty Commercial Crank**
Upgrade by adding power-meter technology with the SPINPower® Studio Crank for accurate power measurement. Commercial grade crank designed for low maintenance and longevity.
